

TO THE SENIOR MENTORS for 30/01/2016

The picture on the front of this card might well be me during & after rehearsals, IF I didn't have your invaluable help. Having your help & support not just on the day of the concert, but also at those long weekday afternoon rehearsals means so much to Dr. Allen & myself. So, although it's very late - THANK YOU SO MUCH for taking on that responsibility. Remember, everything you do & say (even if it's wrong) will be copied by the Juniors! Now that's  
Till next time,
