**\*P. Allen Greetings -**

**Greetings and Happy Friday everyone.**

**It is with real sadness that I have to let you know Dr. Rose cannot be with us for the Festival next month. Taking everything into account he has made a wise decision not to travel from Somerset where he lives.**

**He and Mrs. Rose are doing very well, are safe and sound and the cows still go up and down the Milking Lane every day. All is good. Really - he lives on the Milking Lane of**

his village.  
It's beautiful there.

While we will miss him, we can do our part by making this the best festival ever and sing with all our hearts and love for what Dr. Rose has given us for these past 12 Festivals and all the lessons and rehearsals he has shared. We will do him proud and he will be able to watch and listen in on the live stream! See details below, we will make a few adjustments in the week to support the necessary changes to the festival.

Parents to make the revised festival safe and run smoothly I need your help.  
Please consider signing up for an hour as a choir parent volunteer. I need help all week. We will need extra help on Saturday and Sunday putting on and hanging up our vestments for the photo shoot and concert.

The Choir Steering Committee had a magnificent meeting this morning. We discussed the Festival and our passionate support of all it brings to our lives and musical adventures together and we discussed the upcoming proposed Choir Tour. Look on Saturday for a special email blast with information and a survey for you to fill out about the tour.

Have a wonderful and safe holiday weekend. Light a candle for the Civil Rights Movement and do something over the holiday that makes that light brighter.

Love, hugs and so many smiles, Patrick

**Most up to date Covid Protocol Information**  
(based on the communication issued by GCS this afternoon)

**Return from Positive Test Quarantine**

Fully vaccinated people who test positive for Covid-19 must quarantine and isolate. They may return to in-person after **five days** from the date of their positive test (day zero) if they are symptom free, have had no fever for 24 hours and are feeling well.

Counting days begins from the date of the positive test, which is day zero. On the sixth day, students may return if they are symptom free, have had no fever for 24 hours and are feeling well.

**Return from Household Quarantine**

If a fully vaccinated person lives with someone who tests positive for Covid-19, they can return after five days if they are symptom free AND present a negative test taken after the fifth day.

**Exposure**

Fully vaccinated choristers who are vaccinated and boosted who are exposed to Covid-19 by a contact from outside of their household do not have to quarantine. They must monitor their symptoms closely and get tested on the fifth day from exposure.

Unvaccinated and partially vaccinated people who are exposed as a close contact (indoors, unmasked for 15 or more minutes in a 24-hour period), must quarantine for 5 days.

**Masking**

Masks will continue to be required at all times. All members of the community should wear properly fitting KN95, N95, or surgical masks moving forward. The data suggest that these masks provide much more protection than cloth masks especially against the more contagious Omicron variant. These masks are readily available at drug stores and from online retailers.

## **THOUGHTS ON REHEARSAL ATTITUDE AND DISCIPLINE, COMING OUT OF LOCK DOWN AND LIVING INTO AND PAST THE PANDEMIC...**

**Flexibility and Participation:** As we live into the flexibility built into the training program to support our contemporary lifestyle, it is important to remember the benefits of regular work and training discipline.

Covid blew it all away, we went very relaxed to keep connections and momentum alive during the height of the pandemic.

As things begin to transition to the new normal we all need to be conscious about rebuilding and teaching as the rhythm resumes and takes its new form.

Please take good care that we not get so flexible that we throw the baby out with the bath water. I don't ask for time we don't need. Starting late, cutting short doesn't work in choir as there is no make up possible. Once lost, the opportunity is lost. The voice isn't trained, the music doesn't get learned.

Our tradition is one of constant offering, we may be described as a repertoire choir. The music blooms day in, day out, week end, week out, never ceasing.

The music being learned isn't for one time at end of term, but is repertoire offered at home and abroad over generations, that is part of what builds the strength of the choir and this special tradition. Within the repetition comes new voices that make it their own and of course new compositions to grow the repertoire.

### **The Choir Handbook.**

The Handbook was created when we revised the whole training curriculum of the choir many years ago.

Creating the Handbook was the original reason to establish the Choir Steering Committee which has continued to be so much a part of our life since that time. It was once passed out each new season, but went green and onto the website where it still lives in the choir family area.

The Handbook defines our community, our purpose, who we are and how we are organized. At the time we thought that this would help focus our purpose and commitment to one another as the choir community and it worked brilliantly. It's content lies at the foundation of all we are and do. I just remind all of it's presence and purpose. It is always there for you to review.

### **\*RECRUITING IS NEVER OVER!**

**This is our slogan, so if anyone asks, it is never too late to join the choir family and be part of this special community as the music blooms.**

Recruiting is never over and normally we would be starting that phase of the season now. The brochure has been posted to school families. If you know of families not at GCS who should receive it, let me know and I'll will include them.

Help spread the word that families interested in joining should email or call me so I can put them on the mailing list for information and to get them in the loop.
